Icom AD-100 charger adaptor for BC-119N & BC-121N for IC-M87.

£24.95

DESCRIPTION

The AD-100 Charger Adaptor is compatible with the BC-119N and BC-121N chargers for the IC-M87 radio. This adaptor allows seamless charging of the IC-M87 radio using the specified chargers, ensuring convenient and efficient power replenishment for extended use. Designed specifically for use with the BC-119N and BC-121N chargers, the AD-100 Charger Adaptor provides a reliable connection for charging the IC-M87 radio. Its compatibility with these chargers ensures a secure fit and proper charging functionality, making it an essential accessory for users who rely on the IC-M87 radio in their daily operations. With the AD-100 Charger Adaptor, users of the IC-M87 radio can easily connect their devices to the BC-119N and BC-121N chargers for quick and effective charging. This adaptor simplifies the charging process, allowing users to keep their IC-M87 radio powered up and ready for use whenever needed, making it a valuable tool for maintaining communication capabilities in various settings.
