ARDX-BK The ARRL DXCC List February 2002

£4.95

DESCRIPTION

The ARRL DXCC List is based upon the original principles of 1937 regarding countries listed, but with progressive changes in DXing since 1945. The full DXCC List does not conform completely with current criteria, as some of the listings are from pre-WWII. This publication contains all the current DXCC List. Updates are published by the American Relay League (ARRL). Information is included on the Allocation of International Call Signs, the ARRL incoming and outgoing QSL Bureau Service, and the various Award Schemes. ARRL. February 2002. 28 Pages. ISBN 0-87259-857-8
