ALS-600X Ameritron 600W HF Solid State Linear Amplifier £1649.95

DESCRIPTION

The ALS-600X Ameritron 600W HF Solid State Linear Amplifier Drive the ALS-600X solid state linear with 100W and you'll get 600W PEP output from hunky FET power devices. It comes complete with a separate power supply delivering 25A at 50V DC. Features include SWR protection, overdrive protection, whisper quite fan, cross needle SWR and power meter, standby switch, and of course no tuning.

- * 1.8 - 30MHz (inc WARC)
- * Output: 600W PEP 400W CW
- * Input: 50 Ohms 75W (typ) 100W (max)
- * Output devices: MOSFETs 4 x MRF-150 * Connectors: SO-239
- * Meters: Cross needle VSWR, Forward
- * Reflected true peak indicating wattmeter
- * Matching: Broadband, low-pass
- * PTT: Relay closure or 12V to Ground
- * Separate power supply AL-600PSU
- * Size: (each) 241 x 180 x 304mm
- * Weight: AL600X 5.6kg, AL-600PSU 14.5kg
