## **bhi Noise eliminating NNTDSP.001 DSP Module for (most) Icom PMR £59.95**

### **DESCRIPTION**

**NNTDSP.001 bhi Noise eliminating DSP Module for (most) Icom PMR radios**

A small **PCB** module allows the bhi noise cancellation technology to be fitted into most Icom PMR radios. Different DSP levels are selected with a single button, along with visual and audible indication of which level has been selected. Controls are provided onboard to set the input and output levels from the **DSP**, to allow the matching of signal levels.
