## Second Hand W-901 Airband Helical Antenna £10.00

### DESCRIPTION

W-901 Airband Helical Antenna

- \* 118 - 137MHz
- \* 225 - 400\* 21cm long
- \* BNC fitting

Designed to fit on any handheld radio that covers the airband frequencies. This antenna is carefully tuned to give optimum performance on the military and civil bands.

It is an ideal accessory to use with the wide band scanning receivers to ensure maximum performance on the airbands.
