## Nevada PS-30M 30Amp PSU £99.95

### DESCRIPTION

The Nevada PS-30M 30Amp PSU, Designed for a variety of applications this power supply is ideal for powering HF transceivers where protection, reliability and immunity to RF are important. This high quality variable voltage power supply utilising galvanised steel case, precision ammeter and voltmeter monitoring. Thermostatically controlled fan, H/D screw terminals and convenient snap in terminals. The supply has short circuit protection and has an overcurrent warning indicator.

Nevada PS-30M

Input - 220/240V AC

Output - 3-15V DC adjustable

Current - 25/30A Max.

10mV RMS noise and ripple

Thermostatically controlled fan

Volt and current metering

Overcurrent warning indication

Short circuit protection

Weight: 8.58kg

Size: 150 x 145 x 300mm
