Single Fractal Magnetic Loop Antenna

£349.96

DESCRIPTION

Single Fractal Magnetic Loop Antenna, Reduced size 3 times than conventional magnetic loop (size 1.2X1.2-1x1 meter and 70X70cm) Fractal shape make antenna much broader bandwidth up to 120 KHz on 10 meters band Easy tuning slow motion power dc motor with double gears electrically insulated Capacitor Butterfly type 7mm gap between plates make them up to 9KV insulation allowed use up to 400watts power Ridged design easy assembling with size suitable for portable installation also balcony or loft

FRSMLA LOOP 80-30 meters band Frequency 3.45Mhz-9Mhz

Bandwidth 80 meters band 5Khz with SWR >1.5

Bandwidth 40meters band 18Khz with SWR >1.5

Bandwidth 30 meters band 32 Khz withSWR >1.5

FRSMLA -LOOP 40-20 meters band Frequency 5.600Mhz -15.300Mhz

Bandwidth 40 meters band 16Khz with SWR >1.5

Bandwidth 30 meters band 30Khz with SWR >1.5

Bandwidth 20 meters band 80Khz with SWR >1.5

FRSMLA-LOOP 20-10 meters band Frequency 13.300-30Mhz

Bandwidth 20meter band 70Khz

Bandwidth 17 meters band 80 KHz

Bandwidth 15 meters band 90Khz

Bandwidth 11meters band 90Khz

Bandwidth 10 meters band 120 KHz SWR >1.5

CONTROL BOX SOLD SEPARATELY
