

## **Thunderpole T-800 FM, AM mobile CB transceiver - 80 UK, EU channels.**

**£64.96**

### **DESCRIPTION**

The Thunderpole T-800 is a user-friendly CB radio that offers a range of features for both personal and business use. With AM/FM channels, multi-band operation, auto-squelch, and a bright LED display, this compact radio has everything you need. It also includes a signal meter and a multi-function microphone. The Thunderpole T-800 is designed to provide value and reliability in a compact CB radio. It operates on 80 UK/EU channels and supports 8 European bands. With a 12 Volt input and a 4 Watt RF output, it delivers clear and powerful communication. The LED channel display and signal meter make it easy to navigate and monitor your transmissions. This CB radio offers additional features such as an AM/FM button, a UK/EU button, and dedicated channels like 9 and 19. It also includes RF Gain control and auto/manual squelch options for enhanced performance. The up/down microphone with auto squelch key allows for convenient operation. With its internal speaker and extension speaker socket, you can customize your audio setup. The Thunderpole T-800 measures 115 (W) x 38 (H) x 150 (D) mm, making it compact and portable.
