## **W-GMC Watson Standard Morse Key**

**£59.95**

### **DESCRIPTION**

W-GMC Watson Standard Morse Key The W-GMC is the ideal key for regular operation on the HF bands. It employs the central pivot system of the LMC together with a similar adjustable fulcrum. However, the contact and limit of travel control has been combined to provide an extremely pleasing movement that is ideal for long sessions such as contests, etc. \* Brass \* Hardwood base \* Size 140 x 80 x 50mm \* Weight 300g
